<b>PROJECT TITLE AND EXPLANATION OF CHANGES</b> FY15/16 - AIR POLLUTION CONTROL PROGRAM The purpose of this program is to provide continuing support for activities which include strategic planning and evaluation, compliance assistance, developing state implementation plans, monitoring air and emissions, rule making, operating permits and all other program related activities. This award includes funding for approved Mexican Border activities, that include operation of PM2.5 monitors in Mexicali; operation and maintenance of the Imperial County real-time website and development of a mobile app for Imperial County real-time website. This program will protect and improve the air quality in the state of California and reduce the risks to human health and the environment. This amendment adds partial FY16 federal funding in the amount of \$5,221,666 which includes \$194,000 for Mexican Border projects. This amendment also extends the budget and project period end to September 30, 2018. See revised terms and conditions							
BUDGET PERIOD 10/01/2014 - 09/30/2018		PROJECT PERIOD 10/01/2014 - 09/30/2018		TOTAL BUDGET PERIOD COST \$55,861,229.00	TOTAL PROJECT PERIOD COST \$55,861,229.00 <i>5,218,666 per comp. act</i>		
<b>NOTICE OF AWARD</b> <i>6/24/16</i>							
Based on your Application dated 07/31/2015 including all modifications and amendments, the United States acting by and through the US Environmental Protection Agency (EPA) hereby awards \$5,218,666. EPA agrees to cost-share % of all approved budget period costs incurred, up to and not exceeding total federal funding of \$11,918,833. Recipient's signature is not required on this agreement. The recipient demonstrates its commitment to carry out this award by either: 1) drawing down funds within 21 days after the EPA award or amendment mailing date; or 2) not filing a notice of disagreement with the award terms and conditions within 21 days after the EPA award or amendment mailing date. If the recipient disagrees with the terms and conditions specified in this award, the authorized representative of the recipient must furnish a notice of disagreement to the EPA Award Official within 21 days after the EPA award or amendment mailing date. In case of disagreement, and until the disagreement is resolved, the recipient should not draw down on the funds provided by this award/amendment, and any costs incurred by the recipient are at its own risk. This agreement is subject to applicable EPA regulatory and statutory provisions, all terms and conditions of this agreement and any attachments.

12. Total Approved Assistance Amount	\$

### **Administrative Conditions**

The recipient agrees to comply with the current EPA general terms and conditions available at: <https://www.epa.gov/grants/epa-general-terms-and-conditions-effective-march-29-2016-or-later>. These terms and conditions are in addition to the assurances and certifications made as a part of the award and the terms, conditions or restrictions cited throughout the award. The EPA repository for the general terms and conditions by year can be found at <http://www.epa.gov/grants/grant-terms-and-conditions>.

Administrative condition numbered G has been revised. All other conditions remain in full force and effect.

#### **G. Cost-Share Requirement and Maintenance of Effort**

The required minimum recipient cost share for this assistance agreement is 40% of total project costs, or Maintenance of Effort (MOE) level of **\$41,031,000**, whichever is greater. EPA agrees to pay up to 60% of total eligible project costs, not to exceed the Total Approved Assistance Amount, provided that the recipient's MOE level is maintained. The assistance agreement may reflect a percentage shown under the "Notice of Award" section which is based on estimated costs requested in the recipient's application.

### **Programmatic Conditions**

Programmatic condition a. has been deleted, condition b. has been revised and condition e. has been added. All other programmatic conditions remain in full force and effect.

#### **a. Deleted**

b. This grant includes the performance of environmental measurements; therefore a Quality Management Plan (QMP) and Quality Assurance Project Plans (QAPPs) are required. A QMP for the California Air Resources Board (CARB) was approved on August 18, 2015. The QMP describes "Roles and Responsibilities" for members of the CARB PQAO. A comprehensive QAPP was approved by CARB and EPA in 2007. Updates to this plan are scheduled to be completed in the following phases: particulate pollutants – December 2015; gaseous pollutants – December 2016; and meteorological parameters and toxics pollutants – December 2017. CARB has also completed the document repository which highlights the quality management documents currently being utilized by all agencies within the CARB PQAO. Standard Operating Procedures which support the agency QAPPs are updated as needed and are reflected in the document repository. Any updated documents will be approved by CARB and EPA as needed. Measurement activity may proceed under the existing CARB QA documents while the revised documents are being prepared.

#### **e. Cybersecurity:**

(a) The recipient agrees that when collecting and managing environmental data under this assistance agreement, it will protect the data by following all State or Tribal law cybersecurity requirements as applicable.

(b)(1) EPA must ensure that any connections between the recipient's network or information system and EPA networks used by the recipient to transfer data under this agreement, are

secure. For purposes of this Section, a connection is defined as a dedicated persistent interface between an Agency IT system and an external IT system for the purpose of transferring information. Transitory, user-controlled connections such as website browsing are excluded from this definition.

If the recipient's connections as defined above do not go through the Environmental Information Exchange Network or EPA's Central Data Exchange, the recipient agrees to contact the EPA Project Officer (PO) no later than 90 days after the date of this award and work with the designated Regional/Headquarters Information Security Officer to ensure that the connections meet EPA security requirements, including entering into Interconnection Service Agreements as appropriate. This condition does not apply to manual entry of data by the recipient into systems operated and used by EPA's regulatory programs for the submission of reporting and/or compliance data.

(b)(2) The recipient agrees that any subawards it makes under this agreement will require the subrecipient to comply with the requirements in (b)(1) if the subrecipient's network or information system is connected to EPA networks to transfer data to the Agency using systems other than the Environmental Information Exchange Network or EPA's Central Data Exchange. The recipient will be in compliance with this condition: by including this requirement in subaward agreements; and during subrecipient monitoring deemed necessary by the recipient under 2 CFR 200.331(d), by inquiring whether the subrecipient has contacted the EPA Project Officer. Nothing in this condition requires the recipient to contact the EPA Project Officer on behalf of a subrecipient or to be involved in the negotiation of an Interconnection Service Agreement between the subrecipient and EPA.

END-OF-DOCUMENT
